

HOUSTON OAKS

MEMBER NEWSLETTER

APRIL - JUNE 2014

A MESSAGE FROM THE MANAGER

It was an interesting first quarter here at Houston Oaks. We made our way through near record low temperatures in the first three months and are very much looking forward to our Spring Season.

As we look into the second quarter, we are excited about the progress being made on the Shooting Club over at the Ranch. If you haven't had an opportunity to go visit this site, we would very much enjoy the opportunity to show it to you. The Shooting Club will feature both a Five Stand Station along with a Wobble Trap station. Each of these two set ups are scheduled to have eight traps each to create a wide variety of shots. The set up will be fun for both a beginner as well as the most experienced shooter. Our plan is to make this facility kid friendly and safe. An interesting point regarding this type of shooting is that the largest growing market segment is women. Plan on plenty of co-ed and family events at this facility, as we look forward to opening day. Our current plans are to having the shooting capabilities up and running by the end of June and the Clubhouse open by the end of this year. (See renderings on cover) We will keep you posted on our progress.

We also are welcoming a new member to our management team. Gretchen Leonard has joined us as our Membership Director. Gretchen comes to us from North Carolina where she and her husband owned a club (Taberna Country Club) for over eight years. She has a wealth of experience in all aspects of running a club which we feel will be a huge asset to our members here at Houston Oaks. Her husband, Fred, is currently working at the Golf Club of Houston as a First Assistant on the Superintendent's staff. Please help me welcome Gretchen to the Houston Oaks family the next time you are at the Club.

Finally, we hope you are enjoying the new Club calendar that was mailed to you. It is a new tool for you to be able to plan from well in advance to ensure you don't miss any of the major Club events. This document will also have a home on our new website that is under development. We expect the launch the new website no later than May of this year. Stay tuned regarding the details of this upgraded experience for our members as we think you will find it to be a great tool.

I will look forward to seeing you at the Club soon.

Best,
Michael J. Kelly, CEO

Meet Stahl Family

Gene, Jacquie, Morgan, Sophia and Taylor

The Stahl family joined Houston Oaks as Legacy Members in March of this year. Gene and Jacquie have been married sixteen years as of this coming Fall and have three beautiful girls, also known as “Stahl’s Dolls”.

Gene is President of Precision Drilling, a publicly traded global land drilling company, where he has worked since he received his first paycheck at age nineteen. Jacquie is a former Human Resources Manager and is now fully subscribed in her role as captain of “The Stahl Dolls”.

The Stahls moved from Calgary Alberta Canada four years ago and currently reside in Katy. Additionally they all love spending time at their house on the west coast in Coronado, CA, as well as escaping the summer’s heat by heading back to Canada with friends and family at the lake in British Columbia.

Gene enjoys distance running, currently running upwards of 13.1 miles and aspires to reach 26.2 miles. He also supplements his active leisure time with cross fit exercise, reading, “roughing it” smoothly across the southern states in their Motorhome and loves learning about (and consuming) wine! Jacquie stays active with Child Advocacy work and at the girl’s school, as well as being a CAPS foster parent for sheltered animals.

As for The Stahl Dolls, Morgan (age ten) is a fifth grader who participates in Girl Scouts, volleyball, horse riding and as an aspiring 4-H member, loves anything to do with animals. Sophia (age 7) is in first grade and enjoys soccer, Girl Scouts, and has a keen eye for fashion. Taylor (age 4) is enjoying preschool and loves dance, swimming and crafting as well as outdoor activities, especially fishing.

When asked about a favorite family memory at Houston Oaks, Gene recounted the first time they experienced Houston Oaks over three years ago. As a member of YPO (Young President’s Organization) since 2006, the family participated in a YPO member family event held here. They were struck by the multitude of activities their family enjoyed and the beautiful grounds. They even entered their world famous key lime pie in a pie contest. More recently, the girls are busy making big plans for each of their birthday parties with dreams of overnight adventures at “the most amazing tree house in the world.”

It is evident when speaking to any member of the Stahl family that they love their Club and the memories they are making by experiencing the magic of Houston Oaks.

NEW MEMBER DINNER

The Legacy Boardroom provided the perfect setting for incredible food and offered a more intimate environment to get to know each other a little better. Our newest Legacy members were joined by owners Steve and Marci Alvis, CEO Mike Kelly and his wife Stephanie, and Membership Director Gretchen Leonard.

Both the Herber and the Lyons families knew firsthand the benefits of being involved with the Houston Oaks membership, and we couldn’t have been more pleased when they expressed an interest in expanding their membership benefits to the Legacy level.

Chef Eric served an incredible four course dinner and CC complimented the cuisine with perfectly chosen wines. The highlight of the evening was when Steve asked each guest to share a little about their background and specifically, what made them want to become a part of the Houston Oaks experience. It was a great opportunity to learn a little more about each guest, their personal history and what attracted them to the Club. As with most members, both families enjoy the family-focused activities that Houston Oaks provides, but also the friendships they are cultivating with other Club members.

Other new members to Houston Oaks that have joined this quarter are listed (see right) but could not attend due to previous commitments. We’ll look forward to having them attend our next dinner in June!

NEW MEMBERS FROM THE FIRST QUARTER

David and Megan Barnes - Legacy
Jan and Christine Spin - Legacy
Chris and Ann Marie Kolkhorst - Legacy
Jeff and Alecia Mallet - Legacy
Gene and Jacquie Stahl - Legacy
Brent and Leslie Anderson - Legacy Upgrade
Tom and Amy Palmisano - Full Family Golf

Darren Howard
Director of Golf

GOLF OPERATIONS

The weather is starting to turn for the better now and, before you know it, every day will be outdoor activity type weather. We have a busy golf calendar for 2014 and below are some of the events that we scheduled for April through June:

Ping Demo Day (with tour van) - April 10th (2 pm-6 pm)

This is your chance to get custom fitted for new clubs and find out what type of shaft you need for your swing, what the proper lie angle is for you and overall club type. The Tour Van is equipped with the latest technology, swing analyzer. Their top club fitters will be here to help with the process. Please call the Golf Shop to reserve your time slot today.

MGA Golf (Individual Gross & Net) April 12th, 8:30 am shotgun start (can make your own foursome)

These are monthly Men's golf events that are held on Saturdays and all you need to do is sign up in the Golf Shop. The entry fee is \$40 and includes lunch as well after golf. Part of the fee goes toward lunch and the balance goes back into the pot to pay out to the winners in Golf Shop credit. Come join in on the fun and meet your fellow members.

Pins & Fins (Golf and fishing team tournament) April 27th, 1 pm

For those who love to golf and fish, here is your chance to have a great day. Competitors will play nine holes of golf (scramble format) and fish on three different holes while playing golf. Scores will be determined by the number of fish caught by your two-person team and your golf handicap. Should be a great time by all and food and drinks will also be included. Call the golf shop to sign up.

Couples' Nine & Wine April 25th, 5:30 pm shotgun start

Friday night couples' golf has become a great way for couples to get together, play golf and socialize with other members. The key here is socializing and golf is really secondary, so if you feel like you are not a good enough golfer, this is your event. The format is a four person scramble, so if you don't hit even one good shot it really doesn't matter. The whole idea is to have fun, drink some wine and enjoy good food afterwards and socialize with others. Call the Golf Shop to sign up.

MGA Golf

May 10th, 8:30am (two-man scramble, gross & net) pick your own partner, please sign up in the golf shop.

Member-Member Golf Tournament May 17-18

The format is two-person teams, with both competitors being members. 36 hole stroke play and teams will be divided into flights based on the overall team handicap. Below are the types of play for each nine holes:

- Day one: front nine - select shot
Back nine- one net best ball
- Day two: Front nine – one net best ball
Back nine – modified alternate shot

A shoot-out of all flight winners will start on hole #18 after the flight winners have been determined, to determine the overall winners. Please be looking in the mail for the invitation to this event.

Nine & Wine

May 23rd, 5:30 pm, please call the golf shop to sign up.

MGA Golf

June 7th, 8:30 am (individual gross & net) can make your own foursome, please call the Golf Shop to sign up.

Nine & Wine

June 13th, 5:30 pm, please call the Golf Shop to sign up.

Big Break Challenge

June 14, 1 pm

This will be a fun individual event that will be contested in the First Tee practice area. Events will be similar to what you see on the Big Break TV show. We will have men's, women's and junior's divisions. The event will also include a cookout over at the First Tee area as well as the beverage cart following everyone around. Don't miss out on this exciting event. It should be fun for everyone involved.

Please sign up in the Golf Shop. Entry fee will be \$40 per person and will include food, drinks and prizes.

Don't forget our regular events that are listed on the calendar: Ladies' Day, Ladies' Clinics, Junior Clinics and Kids' Clinics on Saturdays. Also, remember the Disc Golf course and Croquet court when planning your family activities. Hope to see all of you out enjoying the many sports activities available at Houston Oaks!

Keep it Simple,
Darren Howard, Director of Golf

FROM THE GREENS

Greetings from your Agronomy Department:

Jay Leturno
Superintendent

It has been a very cold winter and, in fact, the 8th coldest winter in history for Houston. Although cold weather is hard on plants, water pipes, and livestock, it does have some benefits relating to agronomics. Freezing temperatures help to lower weed (especially goose and crab grass) and insect populations. Reducing

weeds and insects in the winter means less pressure come spring and summer.

But the cold, and especially hard freezes, has also made any type of turf grass growth cease. The greens have made it through the winter pretty well with only a little thinning from temperatures, lack of sun, and foot traffic. By mid February, the Tif Dwarf on our greens has started growing and we are now on a six-day a week mowing schedule. We applied a goose and crabgrass pre emergent herbicide to further help reduce weed counts which were a problem last summer.

Because of our off types and mutations of Bermuda Grass in our tees, fairways, and approaches, there has

been less than desirable turf density. Some of these off types grow differently than Tif way 419 and are not as tolerable to cold weather. The result is areas of extremely thin, matted turf right next to a patch of thick, dense turf. As temperatures continue to rise, these off types will recover and the differences in grass will not be as noticeable. We have applied fertilizer in February to help kick start growth and force these thin areas to recover as quickly as possible.

In March, we applied chemical applications to control many types of pests, including but not limited to mole crickets, white grubs, brown patch, fairy ring, and summer weeds. Houston is a hotbed for all types of turf grass pests, but if applications are timed and executed properly, healthy, high quality turf grass is attainable.

In closing, after a long and cold winter, the agronomy department is excited and looking forward to producing a product that exceeds our members and guests expectations. It's the details that make a good golf course great.

RESTAURANT AND WINE OPERATIONS

Cecilia Shan-Brown
Restaurant Manager &
Director of Wine

What an amazing start it has been for me here at Houston Oaks. I am humbled by your kindness and encouragement and look forward to continued patronage.

I have been working with Chef Eric and the team to make some changes in your dining experience. If you have not had an opportunity to try our wonderful new bread, I urge you to do so. We are making our own Herb Cheddar Biscuits. The herbs we use are harvested here at Houston Oaks and will change weekly, depending on the season.

Additionally, we are training our team to deliver a new and improved style of service in the restaurant. The entire team is committed to elevating service, and we are working on improving our attention to details at all points of the experience. Our wine list is bigger and better; look for some new and exciting wines by the glass and a change in the price structure of our wines by the bottle. I am so proud of what the staff has learned so far, and we welcome any feedback you may have.

Finally, I am pleased to announce two “soiree” events. The first is a ‘wine down’ event. We will host one of these events per quarter. The first event was held on March 13th and it was a Pinot Noir journey around the world. The members who attended became aficionados to this wonderful yet finicky grape. It has been said that the Pinot Noir is winemaker’s worst night mare at times. We think everyone who attended agreed the reward was worth every last heartache. The next “wine down” event is scheduled for Thursday, May 29th.

The second event is for our Legacy members who have wine lockers. It will be a “fill your wine locker tasting”. It will also be held quarterly. The first event took place on Saturday, March 29 in the Legacy Board Room and porch. There were some great wines that were tasted and a great time was had by all who attended. Our next “fill your wine locker tasting” is scheduled for Saturday, May 31st. This will be a tasting you will not forget! I hope to see you there. **Salute!**

COME MEET PIXIE!

If you have visited the Hegarville Petting Zoo lately, you may have noticed a few changes. We sadly lost the big goat known as “Sheriff of Hegarville” this winter to pneumonia, but we have a new friend in the pens. We would like to introduce Pixie. Pixie is a miniature donkey that came to us from Rhett and Jim McAlister’s ranch in Spicewood, TX. She is 16 yrs old and is very sweet and gentle. Pixie would love to surprise your guests and make an appearance at your kid’s birthday parties or events. Please drop by and say Hi to her the next time you are out at the Club.

CHEF ERIC SAYS SUMMER IS COMING

Eric Beasley
Executive Chef

When eating at many restaurants, it's hard to miss that portion sizes have gotten larger in the last 10 years. The trend has also spilled over into the grocery store and vending machines, where a bagel has become a BAGEL and an "individual" bag of chips can easily feed more than one. Research shows that people unintentionally consume more calories when faced with larger portions. This can mean significant excess calorie intake, especially when eating high-calorie foods. Here are some tips to help you avoid some common portion-size problems.

1. **Portion control when eating out.** Many restaurants serve more food than one person needs at one meal. Take control of the amount of food that ends up on your plate by splitting an entrée with a friend. Or, ask the wait person for a "to-go" box and wrap up half your meal as soon as it's brought to the table.

2. **Go ahead, spoil your dinner.** We learned as children not to snack before a meal for fear of "spoiling our dinner." Well, it's time to forget that old rule. If you feel hungry between meals, eat a healthy snack, like a piece of fruit or small salad, to avoid overeating during your next meal.

3. **Be aware of large packages.** For some reason, the larger the package, the more people consume from it without realizing it. To minimize this effect, divide up the contents of one large package into several smaller containers to help avoid over-consumption. Don't eat straight from the package. Instead, serve the food in a small bowl or container.

4. **Out of sight, out of mind.** People tend to consume more when they have easy access to food. Make your home a "portion friendly zone."

5. **Replace the candy dish with a fruit bowl.** Store especially tempting foods, like cookies, chips, or ice cream, out of immediate eyesight, like on a high shelf or at the back of the freezer. Move the healthier foods to the front at eye level.

Three easy healthy snacks

Cashew-Strawberry Crunch: Think of this as Chef Eric's PB & J. Spread 1 tablespoon of cashew butter on a slice of Fruit Crunch. (Or substitute peanut butter and Triscuits.) Drizzle with ½ tablespoon honey and top with sliced strawberries.

Antipasto Plate: Roll a thin slice of prosciutto or ham around a part-skim mozzarella string cheese. Eat with a few olives and grapes, or add roasted bell peppers (from a jar is ok) drizzled with balsamic vinegar.

Cheese Melt: Spread ½ teaspoon of spicy mustard on a cocktail-size slice of thin whole-grain rye bread. Add a thin square of sharp Cheddar (about the same size as the bread) and broil until the cheese melts, then top with a slice of tomato and a sprinkling of caraway seeds.

A GREAT FISHING STORY

By Emerson Hankamer

My son Kirk and his friend William Suttle were fishing last Sunday morning with crank baits. It was cool and cloudy. Not a lot of golfers. I was helping them but not fishing. After about two casts both boys hooked up. We released the fish and bam!--they hooked up again.

A week before I promised to take Nicole fishing. Since the bite was on, I drove back to the Gsell's house and asked if they wanted to come. Gordon and Nicole said yes and jumped in the cart with me and Nico. We rushed over to the lake and rigged up.

Gordon walked Nicole around the south side of the lake to give her plenty of room to cast. She had never fished before so it was all new to her. Luckily, she is a quick study. After a few short casts, she was zipping the lure out toward the middle of the lake and reeling it in at just the right speed.

No one had caught a fish for about ten minutes so I was worried that we might have missed the window. I was across the lake when I suddenly heard laughter and squeals echoing across the water. Nicole had hooked up! "Fish on! Fish on! She's got one!",

I heard her father say. I jumped in the cart and rushed over. She reeled up a nice two pound rainbow. "Dad, I just caught my first fish", she said excitedly. Look, it's a rainbow trout. It's beautiful. Look at the color! Giggles and smiles, giggles and smiles.

We got the camera ready and lifted the fish out for a quick picture. A golfer driving by admired Nicole's catch and she swelled with pride. "Thanks!", she said. We set the beauty back in the water and unhooked the barbless hook and guided the fish back to the depths of the lake. Gordon explained to Nicole that it was important to get the trout back into the water quickly and not to touch it because our hands remove the protective coating the covers fish.

Nicole was on cloud nine. "Let's catch another one!", she said. Before I knew it she was flipping the lure back into the lake. Not long after, she hooked up again. "I got another one!", she yelled, "and it's even bigger!". She reeled another beautiful fish up to the bank and we unhooked it in the water to minimize the shock to the fish. Nicole, smiling ear-to-ear, admired the brilliant colors and talked excitedly about how much she loved fishing. I'm sure everyone she knows has heard the stories and seen the pictures.

All in all it was a great day of fishing and yet another wonderful story of a sweet kid enjoying the great outdoors at Houston Oaks.

Curtis Byrns

FISHING UPDATE

By Matt Eno

The 2014 fishing season is well under way. If you haven't already prepared, get ready for some exciting fishing activities here at the Club!

Matt Eno
Director of Fishing

On the calendar for Sunday, April 27, is a first for Houston Oaks a combination fishing/golf tournament. We are calling this one "Pins & Fins". Stay tuned for more details. I will say the more fish you catch the better your golf score gets. I can hear it now "I hit in the water on #18 and still made a birdie". This will be a fun event that you won't want to miss.

On Sunday, May 25, as part of the Memorial Day weekend festivities, we will have the third annual "Family Fishing Round-Up". This fishing tournament is geared for the whole family to participate in a friendly competition. More Information on this tournament, as with all fishing events, will follow as we approach the dates. There is a scheduled fishing competition for June and in October will be the first annual Houston Oaks Big Bass Classic Championship. The October gathering will be considered our Club championship of fishing.

Besides fishing tournaments planned for 2014, every third Saturday of each month, we will be doing one hour free casting clinics here at the Fish Camp. We will

work on casting skills with various types of rod and reel combinations, lure selection and presentation. So as you can see it is going to be a busy and interesting fishing season here at Houston Oaks.

Please remember as you fish on the property it is three catch and release fish per person, per day, per lake. This will help keep fishing pressure down so that we don't have to close lakes to fishing too often in order to give our fish population an opportunity to rest. If you have any questions or comments concerning fishing here at Houston Oaks, please contact me at meno@houstonoaks.com or my direct line at 936-372-4308 any time. I'll see you on the water soon.

2014 MEN'S MEMBER-GUEST GOLF TOURNAMENT

WINNING TEAM!
Overall Champions
Carl Eckersley and Chris Eckersley

This year's 2nd Annual Member-Guest was memorable for everyone who participated. They had fabulous food, fantastic weather, wonderful fellowship and exciting golf. The weekend activities started with the annual putting competition which was won by defending champions – Ryon Herber and Jimmy Vandagriff! After the putting competition, everyone enjoyed a great steak dinner, followed by "Casino Night".

Play started on Friday with three nine hole matches and concluded with two more matches on Saturday. Once the flight winners were determined, it was off to the shoot-out on hole #18 where both net scores counted for the team. Everyone hit great tee shots and second shots into the green and once the last putt was holed, we had a tie between the team of Chuck Watson/Tom Godbold and Carl Eckersley/Chris Eckersley. So off to hole #16 they went to settle the tie and after some very good shots, Carl Eckersley hit his approach shot to the 16th green to one foot and that helped their team to capture the title of "Overall Member-Guest Champions". Chuck Watson and his partner Tom Godbold did a great job of trying to defend their title of "Overall Member-Guest Champions" from last year but came up just a little short. ***Thanks to all who participated and we look for a bigger field with more exciting events next year!***

Kim & Chuck Watson

A MESSAGE FROM OUR
NEW MEMBERSHIP DIRECTOR
GRETCHEN LEONARD

What a warm welcome I have received during my first month at Houston Oaks! When I came for my first interview for the Membership Director position, I called my husband from Hegar Road and told him that I already knew that this was the place for me. I felt like I was back home. Although raised in Raleigh, the capital of North Carolina, my husband and I made our

life in the smaller Eastern North Carolina town of New Bern, where farmlands and Spanish moss hanging from the trees are common. As much as this landscape reminds me of home, there is no denying that Houston Oaks Country Club is in a class by itself. Everything here is special: the Clubhouse, the amenities, the staff and the members. Houston Oaks is the rare mix of first class facilities and down home hospitality.

My husband and I owned our own private club back home, and after wearing the many hats of a small business owner, I feel so fortunate that I was able to experience the multiple facets of club management. For me, the most satisfying aspects of club operations are Membership Sales and Member Relations. Introducing prospective members to the benefits of the shared community within a Club, as well as helping members to build lasting memories with families and friends through club activities is extremely rewarding. I especially love that Houston Oaks is so family focused.

I have already met many members through the Houston Oaks Ladies Club, the Men's Member Guest Tournament and the Chili Cook Off and I look forward to meeting more of you in the coming months. If I can be of assistance with any aspect of your membership or if you know of someone who you think would enjoy being a part of our Houston Oaks family, please feel free to contact me at 936-372-4310 or at gleonard@houstonoaks.com.

Easter Brunch

Sunday, April 20

Clubhouse Dining Room

Spring is in the air at Houston Oaks!

Now that the harsh winter is behind us, it is time to start thinking about planning your spring and summer getaways to Houston Oaks. We have two brand new cottages opening in April as well as the newly remodeled Ranch House over by the Shooting Club. Both of the new cottages have three bedrooms and are just slightly larger than the existing three-bedroom cottage. Each cottage has two master suites, a bunk room and an upstairs balcony to enjoy your morning coffee while looking over the clubhouse lake. We still have plenty of availability in our lodging for the Mother's Day, Memorial Day and 4th of July weekends, so give us a call and lock in your dates before they fill up!

Cottage under construction

Live on Stage!

Bri Bagwell & Roger Creager

Dean Dillon

Jason Allen & John Havens

Cory & Sherry Morrow

Houston Oaks was proud to host some of Nashville and Texas's top songwriters for multiple nights of performances in March. We welcomed **Dean Dillon**, **Roger Creager**, **Cory Morrow** and **Bri Bagwell** for performances in the clubhouse. Listening to the music was a real pleasure. Hearing the story's behind how the songs were developed was priceless. We look forward to many more performances by these artists and more as we move forward at Houston Oaks.

The Ladies of Houston Oaks

The Houston Oaks Ladies Night is an opportunity for the ladies of Houston Oaks to come together and meet each other. Please feel free to join us and get to know your fellow members. This newly formed group plans to meet the 3rd Tuesday of the month. We have a couple events planned for this quarter.

On May 20th we are meeting at The Ranch House for dinner and June 17th we plan to get together for cocktails and hors d'oeuvres at The Fish Camp.

Look for details in the upcoming weekly e-blasts for price and time.
